

Municipal District of Westerdale No. 311.

NOTICE.

PUBLIC NOTICE IS HEREBY GIVEN that there has been introduced in the council of Municipal District of Westerdale No. 311 a by-law of which the following is a short synopsis;

BY-LAW NO. 21.

By-law of the Municipal District of Westerdale No. 311, respecting the Prohibition of Animals from running at large.

Under the authority and subject to the provisions of The Domestic Animals Act (Municipalities) the Council of the Municipal District of Westerdale No. 311 enacts as follows:

Domestic Animals shall be prohibited from running at large in accordance with the following schedule—

Class of Animals	Period of Prohibition from running at large.	Area of Prohibition from running at large
1. Horses	The whole of the year.	All that part of Westerdale Municipal District No. 311 lying to the south and east of the Little Red Deer River
2. Ases	"	"
3. Mules	"	"
4. Cattle	"	"
5. Goats	"	"
6. Geese	"	"
7. Sheep	"	"

Certified to be a true copy of proposed By-law No. 17.

A. McNAUGHTON,
Sec.-Treasurer.

And that a copy of the same may be seen in each of the following places—

Curling Season Opens.

Annual Meeting Elects New Officers—Cold Weather Indicates Early Play.

Characterized by what the older members state was the largest attendance in the history of the club, the annual meeting of the above was held in the C.P.R. waiting room on Monday evening last.

Those present numbered about thirty-five or forty members and prospective, and the proceedings were very noticeable for the keen interest taken.

The chair was taken by J. M. McGhee, A. C. Fisher acting as Secretary.

After disposing of a little preliminary business, the election of officers was proceeded with and resulted as follows:

Hon. patron, A. G. Studer; president, J. McGhee; 1st vice-president, J. Miller; 2nd vice-president, A. McNaughton; Sec.-Treas., J. Clark; Schedule committee, S. G. Watt, A. C. Fisher, and J. R. Miller.

It was agreed that the fee should be the same as last year, ten dollars, five to be paid at the beginning of the season, and five on or before January 1st.

The substitution rule will be the same as last year also.

It was agreed that the ladies be permitted to use the rink during the afternoon. The question of hours was left to the schedule committee to arrange.

Buttons will be played for as last year.

It was decided to affiliate with the Royal Caledonian Club with a membership of thirty-two, fees as last year.

Didsbury will also issue a challenge for the McDonald cup, now held by Olds.

Other business consisted of the formation of a membership committee, comprising Messrs McCloy, Julien, Watt, Clark and Bert Cressman.

The rinks will be limited to sixteen.

For services and work given to the Curling Club, Alex Guy was given a vote of thanks.

Arising out of a discussion to raise further funds, a whist drive and dance will be held in the near future date to be announced.

IN MEMORY

In memory of Mr. Fred Sick who died November 2, 1924

If my life has touched another life,
And softened some of its pain;

If by loving words of cheer
Some sad face has smiled again;

Then whatever befall, the Father of all

Has not given my life in vain.

If my life has stirred another soul
To a nobler thought or deed;

If my life has stood for truth and right,
and never has cringed to greed;

I have answered the call of the Father of all

Whatever may be my creed.

His sons—John, Fred, Lawrence and Carl.

this notice at least thirty-three resident electors of the municipality petition the council to submit such by-law to the vote of the resident electors of the municipality the Council will proceed to pass the same.

Halloween

Dear to all young hearts, comes Halloween, and the frolic and enjoyment it brings.

"The Night that owls
Hoot loudest.

And Hobgoblins stalk
In the darkness!"

"When black cats screech
Their shrilling notes—

And ghosts send a shiver
Down your spine!"

It is a night when the young exact it as a privilege to stalk around in disguise and surprise their timid friends in manners peculiar to the occasion. No one will begrudge them the enjoyment, but in this as in all other forms of amusement there is a limit which children should be warned by their parents to observe.

WEDDING

KEITH-HEHN

A quiet, but very pretty wedding was solemnized at 3 p.m. on Wednesday afternoon, October 21, at the home of the bride's parents, Mr. and Mrs. J. H. Hehn, Didsbury, when their eldest daughter, Emma Lucile became the bride of Ward Carmel Keith. The ceremony was performed by Rev. W. A. Miller of Pennant, Sask, brother-in-law of the bride.

The bride who looked charming in a rust colored cut velvet gown and carrying a beautiful bouquet of roses and fern, entered the drawing room to the strains of the Bridal march from Lohengrin, played by Miss Edna Hehn. Only the immediate relatives of the bride and groom were present.

After the good wishes of those present were extended, the company adjourned to the dining room where a dainty luncheon was served.

The happy couple left on the evening train for a short trip to Calgary accompanied by the good wishes of a host of friends who gathered at the station to see them off. The bride travelled in a rust colored marvella cloth coat trimmed with fox, and velvet hat to match.

The numerous and lovely gifts testified to the popularity of the young couple. Mr. and Mrs. Keith are both well known in Didsbury, Mrs. Keith having resided here since a small girl, and Mr. Keith having been a member of the staff of the Didsbury Cash Grocery and Hardware for several years.

Mr. and Mrs. Keith will reside in the house formerly occupied by Mr. and Mrs. Hope.

Card of Thanks.

I wish to take this means of expressing my heartfelt thanks to all those who so kindly helped me to take my husband to the hospital. First, our Niche Valley neighbors: Mr. and Mrs. Carver and the many at their home. Mr. Davey, who indeed "lives in a house beside the road and is a friend to man." Also for use of telephones and kindness at the hospital.

The Calgary Albertan had a narrow escape from being gutted by fire yesterday morning. The outbreak occurred in the composing room and considerable damage was done to the equipment.

Fortify Your Constitution for the Winter Months.

Transportation Problems

Says Ocean Combine Extracts Large Sum From Settlers

W. T. R. Preston, investigator of the North Atlantic combine, declares the steamship combine had extracted \$50,000,000 from settlers coming to this country. Mr. Preston expressed confidence that there would be a population of 25,000,000 in Canada within twenty years if the people of today assisted in breaking transportation combines on both land and sea.

BARÉE, SON OF KAZAN

James Oliver Curwood

A LOVE EPIC OF THE FAR NORTH

Copyright, 1917, by Doubleday, Page & Co.

"BARÉE, SON OF KAZAN," a Vitaphone Picture, With Wolf, the War Dog. Is an Adaptation of This Story

SYNOPSIS

McTaggart, the factor, had gone to the cabin of Pierrot, the trapper, to claim Pierrot's daughter, Nepeese, as his bride. Nepeese led him to the brink of the chasm. He put his arms about the girl, but she, hatred flaring up in her, freed herself and pushed him over the brink and into a pool, twenty feet below. Then returning to the cabin, Nepeese fondled Barée, the wolf-dog. Her touch thrilled the young untamed animal. Under her caress his eyes closed, but at sound of her voice they shot open again.

CHAPTER XIV.—Continued.

"He will come here—that beast—and he will kill us," she was saying. "He will kill you because you bit him, Barée. Ugh, I wish you were bigger and stronger so that you could take off his head for me!"

She was untying the babiche from about the table-leg, and under her breath she laughed. She was not frightened. It was a tremendous adventure—and she throbbed with exultation at the thought of having beaten the man-beast in her own way. She could see him in the pool struggling and beating about like a great fish. He was just about crawling out of the chasm now—and she laughed again as she caught Barée up under her arm.

"Oh—oppinoo—but you are heavy!"

And you are—

you—because I am going to run!" She hurried outside. Pierrot had not come, and she darted swiftly into the balsams back of the cabin, with Barée hung in the crook of her arm, like a sack filled at both ends and tied in the middle. He felt like that, too. But he still had no inclination to wriggle himself free. Nepeese ran with him until her arm ached. Then she stopped and put him down on his feet, holding to the end of the caribou-skin thong that was tied about his neck. She was prepared for any lunge he might make to escape. She expected that he would make an attempt, and for a few moments she watched him closely, while Barée, with his feet on earth once more, looked about him. And then the Willow spoke to him softly.

A WOMAN'S SUFFERING

Relieved by Lydia E. Pinkham's Vegetable Compound

Verdun, Montreal, Quebec. — "I am one of thousands who have taken Lydia E. Pinkham's Vegetable Compound and I have great faith in it. I can safely say it has relieved my troubles and I shall never be without a bottle of it in my house. Since my last baby was born I suffered from pains and backache and would feel so tired I could not do anything in my home. Since I have been taking the Vegetable Compound and Lydia E. Pinkham's Blood Medicine I feel so different. I recommend it to all my friends and hope it will cure other women who are suffering from the troubles I had."—Mrs. THOS. H. GARDNER, 821 Evelyn Street, Verdun, Montreal, Quebec.

Lydia E. Pinkham's Vegetable Compound is a dependable medicine for the new mother. It is prepared from roots and herbs, contains no harmful drugs and can be taken by the nursing mother. Its worth in restoring the mother to normal health and strength is told again and again in just such letters as Mrs. Gardner writes.

A recent canvass of women users of the Vegetable Compound shows that 98 out of every 100 women taking the medicine are benefited by it. They write and tell us so. Such evidence entitles us to call it a dependable medicine for women. It is for sale by druggists everywhere.

W. N. U. 1600

"You are not going to run away, Barée. Now, you are going to stay with me, and we will kill that man-beast if he dares do to me again what he did back there." She flung back the loose hair from about her flushed face, and for a moment she forgot Barée as she thought of that half-minute at the edge of the chasm. He was looking straight up at her when her glance fell on him again. "Non, you are not going to run away—you are going to follow me," she whispered. "Come."

"He saw Nepeese put her two arms up around the man-beast's neck."

They came at last into an open. It was a tiny meadow in the heart of the forest, not more than three or four times as big as the cabin; underfoot the grass was soft and green, and thick with flowers. Straight through the heart of this little oasis trickled a streamlet across which the Willow jumped with Barée under her arm, and on the edge of the rill was a small wigwam made of freshly cut spruce and balsam-boughs. Into her diminutive mekewap the Willow thrust her head to see that things were as she had left them yesterday. Then, with a long breath of relief, she put down her four-legged burden and fastened the end of the babiche to one of the cut spruce-limbs.

Barée burrowed himself back into the wall of the wigwam, and with head alert—and eyes wide open—watched attentively what happened after this. Not a movement of the Willow escaped him. She was radiant—and happy. Her laugh, sweet and wild as a bird's trill, set Barée's heart throbbing with a desire to jump about with her among the flowers.

For a time Nepeese seemed to forget Barée. Her wild blood raced with the joy of her triumph over the Factor from Lac Bain. She saw him again, floundering about in the pool—pictured him at the cabin now, soaked and angry, demanding of mon pere where she had gone. And mon pere, with a shrug of his shoulders, was telling him that he didn't know—that probably she had run off into the forest. It did not enter her head that in tricking Bush McTaggart in that way she had played with dynamite. She did not foresee the peril that in an instant would have stamped the wild flush from her face and curdled the blood in her veins—did not guess that McTaggart had become for her a deadlier menace than ever.

There came an interruption. It was the snapping of a dry stick. Through the forest Pierrot had come with the stealth of a cat, and when they looked up he stood at the edge of the open. Barée knew that it was not Bush McTaggart. But it was a man-beast! Instantly his body stiffened under the

BOTHERED WITH ECZEMA IN RASH

Face Was Disfigured. Healed by Cuticura.

"Some time ago I was bothered with eczema which broke out on my face in a rash. I took no notice of it at first until the trouble began to spread and the irritation caused me to scratch. My face was disfigured and the trouble lasted about three months."

"I tried different remedies but none seemed to do any good. I heard about Cuticura Soap and Ointment and purchased some, and after using three cakes of Cuticura Soap and one box of Cuticura Ointment I was completely healed." (Signed) Miss Gladys Pahl, 353-31st St., N. Milwaukee, Wis., Sept. 29, 1924.

Use Cuticura to clear your skin.

Willow's hand. He drew back slowly and cautiously from her lap, and as Pierrot advanced, Barée snarled. The next instant Nepeese had risen and had run to Pierrot. The look in her father's face alarmed her.

"What has happened mon pere?" she cried.

Pierrot shrugged his shoulders.

"Nothing, ma Nepeese—except that you have roused a thousand devils in the heart of the Factor from Lac Bain, and that—"

He stopped as he saw Barée, and pointed at him.

"Last night when M'sieu the Factor caught him in a snare, he bit M'sieu's hand. M'sieu's hand is swollen twice its size, and I can see his blood turning black. It is pechipoa."

"Pechipoa!" gasped Nepeese.

She looked into Pierrot's eyes. They were dark, and filled with a sinister gleam—a flash of exultation, she thought.

"Yes, it is the blood-poison," said Pierrot. A gleam of cunning shot into his eyes as he looked over his shoulder, and nodded. "I have hidden the medicine—and told him there is no time to lose in getting back to Lac Bain. And he is afraid—that devil! He is waiting. With that blackening hand, he is afraid to start back alone—and so I go with him. And—listen, ma Nepeese. We will be away by sundown, and there is something you must know before I go."

Barée saw them there, close together in the shadows thrown by the tall spruce trees. He heard the low murmur of their voices—chiefly of Pierrot's, and at last he saw Nepeese put her two arms up around the man-beast's neck, and then Pierrot went away again into the forest.

CHAPTER XV.

For a long time after Pierrot left them the Willow did not move from where she had seated herself beside Barée. It was at last the deepening shadows and a near rumble in the sky that roused her from the fear of the things Pierrot had told her. When she looked up, black clouds were massing slowly over the open space above the spruce-tops. Darkness was falling. In the whisper of the wind and the dead stillness of the thickening gloom there was the sullen brewing of storm.

Nepeese shivered and rose to her feet. For the first time Barée got up, and he stood close at her side. Above them a lightning-flash cut the clouds like a knife of fire, followed in an instant by a terrific crash of thunder. Barée shrank back as if struck a blow. He would have sunk into the shelter of the brush wall of the wigwam, but there was something about the Willow as he looked at her which gave him confidence. The thunder crashed again. But he retreated no farther. His eyes were fixed on Nepeese.

On that night, it may be, the Spirit of Storm was born in Nepeese. She

loved to face it, as she was facing it now. It made her forget all things but the splendid might of nature; her half-wild soul thrilled to the crash and fire of it; often she had reached up her bare arms and laughed with joy as the deluge burst about her. Even now she might have stood there in the little open until the rain fell, if a whine from Barée had not turned her. As the first big drop struck with the dull thud of leaden bullets about them, she went with him into the balsam shelter.

Once before Barée had passed through a night of terrible storm—the night he had hidden himself under a root and saw the tree riven by lightning; but now he had company, and the warmth and soft pressure of the Willow's hand on his head and neck filled him with a strange courage. He growled softly at the crushing thunder. He wanted to snap at the lightning flashes. Under her hand Nepeese felt the stiffening of his body, and in a moment of uncanny stillness she heard the sharp, uneasy click of his teeth. Then the rain fell.

(To be continued)

Ready-made Medicine.—You need no physician for ordinary ills when you have at hand a bottle of Dr. Thomas' Electric Oil. For coughs, colds, sore throat, bronchial troubles, it is invaluable; for scalds, burns, bruises, sprains it is unsurpassed; while for cuts, sores and the like it is an unquestionable healer. It needs no testimonial other than the use, and that will satisfy anyone as to its effectiveness.

A fossil tree, 70 feet long, and estimated to be 1,000,000 years old, has been unearthed in Assol mining area of Bengal, India.

An Oil of Merit.—Dr. Thomas' Electric Oil is not a jumble of medicinal substances thrown together and pushed by advertising, but the result of the careful investigation of the healing qualities of certain oils as applied to the human body. It is a rare combination and it won and kept public favor from the first. A trial of it will carry conviction to any who doubt its power to repair and heal.

RED BLOODED MEN AND WOMEN

Get More Pleasure Out of Life and Are of More Use in the World Than Sickly, Run Down People

There are people who lack the red blood to give color to their lips, warmth to their hands and brightness to their eyes.

These people tire easily and cannot compete in school, store or shop with the more energetic. Their blood being thin they are nervous and do not sleep well. Arising in the morning unrefreshed they begin each day badly and miss much of the pleasure of living.

To become active and energetic, like most red-blooded Canadians, these people need a blood-building tonic.

A tonic that gives strength, that revitalizes weak nerves, that increases the appetite and aids digestion, will put color in the cheeks and lips and give vigor to the step. That means new joy in living, increased usefulness and longer life.

Wherever you find a person who has taken Dr. Williams' Pink Pills faithfully you find an enthusiastic friend of the tonic that has made life mean more in many ways. These blood-making pills have been used by three generations of Canadians and in almost every community, however small, can be found those who owe health and happiness to this famous household remedy.

Weak and Run Down

"I wish from my heart I could persuade every person who is run down in health to give Dr. Williams' Pink Pills a trial." Thus writes Mrs. Louie Mitchell, Oak Point, Man., who further says:—"About a year ago I was a weak woman, suffering from a run down system and impoverished blood. Any little exertion would cause my legs to tremble and my heart to throb violently. I could not sweep a room or walk fifty feet without being exhausted. Then I began taking Dr. Williams' Pink Pills and after taking only six boxes I am as well and strong as ever. I can walk and run without stopping every few seconds gasping for breath as previously. Dr. Williams' Pink Pills will be my stand-by in the future if ever my blood needs building up again, and I shall always find pleasure in recommending them to anyone needing a tonic."

Help for Nervous People

Are you pale and weak, tired most of the time, out of breath on slight exertion?

Are you nervous, is your sleep disturbed so that rest does not refresh you?

Is your appetite poor, your digestion weak and do you have pains after eating?

If you have any of these symptoms you need the help of such a reliable tonic as Dr. Williams' Pink Pills. Read what Mr. W. W. Francis, of Calgary, Alta., says of this tonic. "After returning from overseas," writes Mr. Francis, "my whole system was in a badly run down condition. I became nervous, irritable, pale and lost weight. Of course I was given treatment and recommended many tonics, some of which I took, but with no apparent result. At last I could not even sleep. My sister, who is in England, wrote and urged me to give Dr. Williams' Pink Pills a trial, and I can scarcely say how glad I am that I took her advice. My friends were surprised at my complete recovery, but I assured them it was due entirely to Dr. Williams' Pink Pills and I now always keep a box on hand in case of emergency."

Keep Your System Toned Up

Dr. Williams' Pink Pills assist digestion, correct the lassitude, the palpitation of the heart, shaky nerves and the pallor of the face and lips that are the results of thin, impure blood.

Try Dr. Williams' Pink Pills for anaemia, rheumatism, neuralgia, nervousness. Take them as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. Get a box and begin this treatment now.

Send For These Health Books

Two useful books, "Building Up the Blood," and "What to Eat and How to Eat," will be sent free by The Dr. Williams' Medicine Co., Brockville, Ont., if you mention this paper.

Dr. Williams' Pink Pills are sold by all dealers in medicine or will be sent by mail, post paid, on receipt of price 50 cents per box.

The Tractor in Russia

Is Rapidly Taking Place of Old Wooden Plow
Gradually the American tractor is making triumphant progress in Russia. It is being distributed by the co-operative organizations on easy terms of payment to peasant communities and is replacing the old wooden plow. Up to 1914, there had been imported into Russia only fifty tractors. At the beginning of 1925, the government had brought its purchases up to 4,825. The importing programme for this year provides for the purchase of an additional five thousand.

How Robert M. Koenig Found Remedy for Pimply Skin

For years my skin would break out every once in a while—and ointments did very little to help me.
I read a doctor's article stating that pimply skin usually comes from the stomach—and bowels not getting rid of the poisons.
I tried Carter's Little Liver Pills for a few days—and since that time my skin is smooth and clear. Now I tell my friends the right way of getting rid of a broken out skin—and also of steering clear of upset stomach and sick headache. Carter's are all you claim for them.

Building Boom in Rome

Building is progressing so rapidly, particularly in suburban sections of Rome, that the municipal authorities are unable to keep pace in furnishing names for the streets; and numbers for the houses.

Women Can Retain Their Good Looks

—The Maitland Photo Studio

Mrs. Wm. Fletcher of 28 Cherry St., Stratford, Ont., says, "Dr. Pierce's Favorite Prescription is a tonic and nerve tonic that I would recommend to every woman nearing middle life. I found it not only quieted my nerves, but it also relieved me of hot flashes, dizziness and backaches. Before I took the 'Prescription' I had the strangest sort of pain, like a knife cutting thru my back. I took four bottles of the 'Prescription' and can truthfully say every particle of pain has disappeared and I am feeling as well as any person could."
Go to your neighborhood drug store at once and obtain this Prescription in tablets or liquid, or send 40 cents to Dr. Pierce's Laboratory in Bridgeburg, Ont., for trial package.

Rats Cause Much Damage

Britain's Annual Loss Through Rodents is Said to be Enormous
Owing to the recent invasion of Buckingham Palace by rats and their increase throughout the country, the Anti-Rodent Society has started its fall campaign, urging housewives, storekeepers and all other patriotic citizens to "do your rat-killing early," says a dispatch from London. The country has been aroused to action by a recent statement estimating the annual loss to England through rats at approximately £70,000,000 sterling.

Earache, Toothache Now Quickly Subdued

These are the sort of ills that call for a powerful and certain remedy. When your tooth is jumping, when you want ease and comfort in a hurry, you always get that quick relief from trusty old "Nerviline." Many who have proved the unfailing merit of Nerviline call it "King over Pain." Certainly no family can afford to be without a bottle of this dependable medicine. Nerviline is a protection against a hundred minor ills, such as cramps, gas on the stomach, neuralgia, toothache, earache, etc. Get a 25c bottle from your dealer to-day.

Canada produced about \$20,000,000 worth of honey last year.

Aesop's name first appears in literature of about 570 B.C.

The Flaring Silhouette

A fluttering, flaring line—this is the picture of the autumn mode. The flare at the sides sponsors the new freedom of motion for fall in tailored frocks. Chic, practical and simple in design is this crepe-satin frock with the convertible collar extending into long tabs either side of the neck opening. The tailored sleeves are long and snug-fitting at the wrist. The circular flounce with pointed top is divided into two sections and joined to the plain front and back at the hip-line. The back section of the flounce may be omitted, leaving a long, plain back. The diagram pictures the partly finished garment, and pattern No. 1201 is in sizes 34, 36, 38, 40 and 42 inches bust. Size 36 bust requires 3 1/2 yards of 36-inch, or 3 3/4 yards of 40-inch material for the plain dress, and 1 1/2 yards of 36-inch, or 1 3/4 yards of 40-inch extra material for the circular flounce. Price 20 cents.

Our Fashion Book, illustrating the newest and most practical styles, will be of interest to every home dress-maker. Price of the book 10 cents the copy.

Char Plant At Drumheller

Lignite Products Corporation, of Buffalo, will establish a char plant at the Midland mine in Drumheller within sixty days. It produced a highly efficient fuel.

Health cannot be looked for in the child that is subject to worms, because worms destroy health by creating internal disturbances that retard development and cause serious weakness. Miller's Worm Powders expel worms and are so beneficial in their action that the systems of the little sufferers are restored to healthfulness, all the discomforts and dangers of worm infection are removed, and satisfactory growth is assured.

A church in Cornwall, Eng., has a devil's door, through which the devil is supposed to pass out.

TOOTHACHE

Bate the face with Minard's in water and place a piece of cotton wool, saturated with Minard's in the cavity.

Every man has a right to be an agnostic; but no man has a right to be proud of his lack of understanding.

Answer to Last Week's Puzzle

Relieves Asthma at Little Expense.
Thousands of dollars have been vainly spent upon remedies for asthma and seldom, if ever, with any relief. Dr. J. D. Kellogg's Asthma Remedy, despite its assurance of benefit, costs so little that it is within reach of all. It is the national remedy for asthma, far removed from the class of doubtful and experimental preparations. Your dealer can supply it.

Corn Culture in the West

Corn is steadily gaining in popularity throughout the west as an aid to diversified farming and it is estimated that 100,000 acres were grown in Saskatchewan last year. Although seed was scarce in 1924 and the price rather high, the acreage will probably be slightly higher this year than last.

Many mothers can testify to the virtue of Mother Graves' Worm Expeller, because they know from experience how useful it is.

Masonic Meeting At Lacombe

Close on to one hundred and fifty Masons of the Fourth Masonic District gathered at Lacombe on Wednesday of last week for the annual district meeting, those present from Didsbury being Messrs. A. C. Fisher, A. McGinnis, J. McGhee, A. Brusso, J. W. Phillipson, S. G. Watt, T. Johnston, W. Leadbetter, R. Hamper, W. S. Durrer, W. H. Morgan, Dr. Clark, J. Good. Rt. Wor. Bro. Geo. Bowker, Ponoka, was in charge of the meeting. Mayor Pratt, of Lacombe, welcomed the visitors.

During the afternoon and evening sessions some fine addresses were given by Grand Master N. E. Carruthers and Grand Secretary S. Y. Taylor, and Mr. J. B. Francis, of Ponoka. The Ponoka Lodge No. 18, exemplified the second degree.

The banquet was held in the old Methodist church, and was put on by the ladies of the Eastern Star, who provided a most bountiful supper with an excellent service. Most Wor. Brother Botterill replied to the toast to Grand Lodge.

Mr. W. H. Jackson, of Innisfail, was elected District Deputy Grand Master for 1926-27, and Innisfail was selected at the next place of meeting.

Mountain-View Notes

The welcome hum of the threshing machines is again heard in this neighborhood. The grain is turning out better than expected after the continued rain and snow.

The Mountain view W. I. met at the home of Mrs. Ed. Blain, Thursday. "Home Economics" was the topic of the meeting, led by Mrs. Alden. After the reading of the report, each member wrote a question on the subject, were exchanged, answered and discussed. Roll call was answered by favorite quotations. The meeting closed with community singing after which lunch was served.

The Mountain-View W.I. are planning on holding an entertainment in the Community Hall on November 13th, one-half of the proceeds to be donated to the Wood's Orphan Home at Olds.

B Neot Deceived

You can't buy a suit or dress worth \$40.00 at half the price. we don't get any more than we pay for, often less.

And you can't get a pair of glasses worth \$12.00 to \$15.00 at half the price.

If you think no more of your eyesight than to be satisfied with a "superficial" examination and inferior glasses—then only pay what they are worth—which isn't much.

Don't throw away good money thinking you can get a real examination and the best quality of lenses and frames for half their real value—you can't!

A good pair of glasses—correctly fitted—will last for years, and be a source of real comfort and pleasure.

You will only have one pair of eyes. Be particularly careful with whom you trust them. Registered by the boards of examiners of Ontario, Manitoba and Alberta—with over 15,000 satisfied pairs of eyes to our credit in 20 years' practice—is a record of which we feel justly proud.

Examining eyes, grinding lenses and fitting glasses is all we know, but—we know that well!

CANADIAN PACIFIC

Signs of returning prosperity to Canada are evidenced by the fact that more Canadians are registered in the Canadian Pacific Rocky Mountain resorts during the past week than at any time since the beginning of the year. These resorts, which are usually filled almost entirely by Americans, contain a guest list last week which is 50 per cent Canadian.

Production of gold in Ontario for the first six months of this year amounted to \$14,506,219, as compared with \$11,810,060 in the corresponding period of last year, according to a report issued by the Provincial Department of Mines. Silver production increased from \$3,262,100 to \$3,792,662. Total mineral production was \$41,560,355, as compared with \$37,997,776.

John Edwin Hoag and Frank S. Wilton, who travelled across the entire continent in a small motor-boat arrived recently in Montreal and moored their craft to Canadian Pacific Pier No. 8 having come from Astoria, Oregon, via Columbia River, Celilo Falls, Fort Benton, the Missouri and Mississippi Rivers, the Chicago Drainage Canal and Lake Michigan since May, 20th. From Montreal they continued their journey to New York and returned to the States, via Canadian Pacific Railway to Vancouver and Seattle in order to see the country.

The groundwork for what promises to be a big industry is now being developed by the Singer Sewing Machine Company at Thurso, a point on the Canadian Pacific Railway, on the north shore line to Ottawa. It is planned by the Singer Company to manufacture at Thurso all the woodwork required for their numerous plants in different parts of the world. Work on the new plant is being pushed with all possible speed and it is anticipated that shipments from Thurso will commence sometime early next year.

While the Canadian Railway Commission is besieged with all kinds of applications for reductions in Canadian freight rates, the Western group of railways in the United States is asking for a five per cent increase and the northwestern section of the group is asking more than that "as a measure of relief." Some of these roads are in the hands of the receivers. Yet these American railways already have higher rates than the Canadian roads, the freight revenues in the U.S.A. being 1,293 cents per ton mile on western lines as compared with 1,011 cents on all Canadian railways. The average American rate is 28 per cent above the average Canadian rate. Owing to the low grain rates in Canada, the C.P.R. average rate is 1,011 per ton mile, so that the average rate on American western lines is more than 30 per cent above the average C.P.R. rate.

H. E. Roppel, pastor

Thanks giving (Harvest Home) and Armistice day festivities will be observed Sunday, November 8th. Both morning and evening services will be featured to suit the occasion with harvest decorations, special music and addresses. See final announcement in this column next week.

Mr. and Mrs. Rev. W. A. Miller, Pennant, Saskatchewan, have been visiting here for the past week, and while so doing Mr. Miller was also honored with the performance of the marriage ceremony of his sister-in-law, Miss Emma Hehn to Mr. Ward Keith, after which Mr. and Mrs. Miller returned to their home again in Pennant.

A series of four Sunday evening sermons on "Courtship and Marriage" will be given in the Ev. church during the month of November. The subjects and texts are as follows: Nov. 1, "A Woman's Idea of an Ideal Man," Psa. 1:1, also latter part of 1 Kings 2:2; Nov. 8, Thanksgiving program; Nov. 15, "Man's Idea of an Ideal Woman," Prov. 31:3; Nov. 22, "Choosing a Life Partner," 2 Cor. 6:14; Nov. 29, "The Blessing of Union and Unity in Old Age," Gen. 22:17.

Note—The basis of these sermons is scriptural; the tone is earnest, the ideals lofty and the object is to foster true happiness in family life and safeguard against future unhappy marriages. This is a vital matter inseparably connected with the heart of Christianity. It stands in most intimate relation to the extension of Christ's Kingdom on earth.

Young and old are invited to attend. Don't miss the first sermon. It's introduction is the KEY to the entire series.

ANNOUNCEMENT

MELVILLE ANDERSON

FEDERAL ELECTIONS

Conservative Victory

Liberal Premier Defeated with Eight members of his Cabinet.

Election returns received in the Oddfellows' Hall to-night (Thursday) show the Liberal government is no more. Premier King and no less than eight of his Cabinet have been turned down in their various constituencies. Latest reports indicate the election so far of 109 Conservatives, 86 Liberals, seven Progressives, and four Labor.

Mr. Speakman's election in the Red Deer constituency is assured with a majority late to-night of over 500.

In Calgary both Conservative candidates have been elected with big majorities, R. B. Bennett rolling up a vote of nearly 11,000.

Here and There

In the last fiscal year 3,843 homestead entries were granted in the Prairie Provinces, aggregating an approximate area of 614,880 acres, while, in addition, 710 soldier grants of 113,600 acres, make up a grand total of 728,480 acres so settled.

In 1915 Canada exported no wheat to China. In 1918 she sent only eight bushels to Japan. In 1924 China imported over 5,000,000 bushels of Canadian wheat and over 1,500,000 barrels of flour, while Japan took 7,000,000 bushels of wheat and 110,000 barrels of flour. It is predicted these figures will be well beaten for the current year.

The Grand Challenge Cup, emblematic of the First Aid Championship of the entire system of the Canadian Pacific Railway, will be competed for at the Place Viger Hotel, Montreal, November 15. The champions in a knock-out competition among Eastern and Western teams respectively, will fight it out for the trophy.

Plans are already being laid to make the 1925 Eastern International Dogsled Derby an even greater success than in any previous year, and it is reported that the prize money will be considerably increased next winter, with the object of attracting more teams and mushers from the West and the United States.

Fire Prevention Week, October 4-10, was observed throughout the Dominion, and to mark the sense of the importance of the occasion Mr. Grant Hall, vice-president of the Canadian Pacific Railway, broadcast an appeal by wire to every officer and employee of the system "to co-operate as in the past and set a good example by thoroughly cleaning up all premises."

Canada's great outlook, says a recent issue of the London Outlook, is that she wants more people, but of the right type, namely, steady agricultural workers with enterprise, initiative and endurance. Enthusiastic letters from emigrants under the joint scheme of settling 3,000 families in Canada are bound to have their healthy effect on relatives and friends dissatisfied with their lot in England.

E. F. L. Sturdee, general Passenger Agent for the Orient of the C.P.R., with headquarters at Hong Kong, has been appointed Assistant General Passenger Agent of the system at Montreal. His duties commenced here in October. He was relieved of his other work owing to ill-health, but the climate of Canada soon restored him to physical well-being. He has a long record of service with the C.P.R., dating back to his first appointment at Saint John in 1894.

Sixty bushels of wheat at every tick of the clock is the rate at which the Canadian Pacific Railway have carried the grain into the elevators this season. To keep up this unprecedented rush, it has been necessary to move one car-load of grain out of Winnipeg at every one minute and twenty-three seconds of the twenty-four hour day. Grain delivered at the head of the lakes by the Canadian Pacific in September alone would fill a fleet of 200 ships, each with a cargo of 200,000 bushels.

Back from an extended tour of inspection over the company's western lines, E. W. Beatty, chairman and president of the Canadian Pacific Railway, found a very marked improvement in the West as compared with that which had existed when he last went across the country. He thought the spirit of the people was much more optimistic and with very good reason since he considered it safe to say that 330,000,000 bushels was not too high an estimate for the total Canadian wheat yield this year. He noticed throughout the country a sustained interest in immigration and a more general realization that therein lay the soundest remedy for most of Canada's difficulties.

The Pioneer will be glad to receive your printing.

The U. S. As a Magnet

During the general election campaign the subject of emigration and immigration as between Canada and the United States received a great deal of attention. It was discussed pro and con, and masses of figures were thrown at the electorate to support this argument or to prove that contention. Whether the general run of people are any wiser is open to question.

It did not, however, require all these verbal fireworks to convince people of one thing, and that is, that the United States does constitute a powerful magnet drawing tens of thousands of people annually from Canada. Politicians may disagree as to the underlying reason for that magnetic power, but that it exists it would be useless, in the face of patent facts, to deny.

Without assuming to question that United States fiscal policies may have a bearing, past and present, in promoting the conditions across the line which now seem attractive to many people, it is natural that the United States should today exercise a great drawing power. From the standpoint of climate, certain sections of the United States attract many people from this more northerly land, just as they draw thousands from other portions of the big republic.

But the real attraction is found in the "bigness" of the United States, and especially of its cities. People, as a rule, like big things. They are usually regarded as meaning excellence and success, although often mistakenly so. Consequently the big cities and big institutions of the United States, doing things in a big way, attract.

It is the same influence at work which draws people from all over the United Kingdom to London; causes Frenchmen to flock into Paris; leads the youth of Ontario to go to Toronto, and of Manitoba to Winnipeg. Just so do Canadians naturally turn southward to New York, Chicago, Los Angeles and other large centres. It is natural; it is inevitable. As Canada grows, the power of this great magnet will be lessened, but regardless of national policies on either side of the line it will never wholly disappear.

From the purely Canadian standpoint, the most regrettable feature is that it is among the very best of our people that this magnet has greatest power. So manifold are the opportunities, and so numerous the openings for the more skilled of our engineers, electricians and mechanics, for our most learned professors, our cleverest doctors, our ablest writers, authors and artists, in a word, the cream of our population fitted for leadership, that it involves an enormous personal sacrifice to reject the offers made to them. Usually they go, and the only gain to Canada is the great influence they exert in the life and thought of our great neighbor, resulting in the fine understanding and good relations which exist between the two countries.

But will this worship of "bigness" prove a good thing for the United States in the long run? And in the final analysis will the policies which have assisted to develop such "bigness" prove a strength or a weakness to the nation?

Time alone will provide answers to these questions, but already signs are not lacking giving concern to the most thoughtful students of public affairs. The big cities of the United States are not only attracting Canadians, but they are drawing the American people away from their farms, their hamlets, villages and small towns.

For example, the farm census of 1925 conducted by the United States Department of Commerce discloses 75,735 fewer farms than existed in 1920. And as farms decrease in number so does the number and population of hamlets, villages and towns dependent on rural life and progress for their existence.

During these same five years the population of the United States increased through natural causes alone by seven and one-half million. That is to say, with 7,500,000 more mouths to feed, there were 75,000 fewer farms engaged in raising food products. The people are congregating in the large cities and towns, becoming consumers of food, but not producers of it.

England became a highly industrialized nation and the greatest food importing country in the world. Today it is still importing its food supplies, but a million and a half people are out of employment, living on doles provided by the Government for them and their families. President Coolidge stated not many months ago that the United States had reached the point where from being the world's greatest exporter of food it would shortly become the world's greatest importer of food.

Any policy which in its effect draws the people away from the sources and activities of primary production into industrial undertakings in congested centres of population is not a sound national policy. Such industries only exist to provide the masses of the people with articles they may require, and one such industry can supply thousands. It and when the majority of the people are drawn into manufacturing and allied industries, and more such goods are being turned out than there are people to purchase, then the situation which exists in England today is bound to come.

The United States industrial magnet may attract Canadians at present, but the day is coming when the magnet of the great producing areas of Canada will prove still more powerful. People can get along without many of the articles of manufacture, but they must have food, and the nation which is in a position to provide not only food for its own people, but large surpluses for export, is the truly strong, prosperous and contented one.

Thinks Science Most Fruitful Field For Canadian Genius

Delivering his annual address at the annual prize giving of Upper Canada College, at Toronto, Principal Grant said:

"I make no apology for putting scholarship in the forefront. Never had Canada more need than today for disciplined intellect in every branch of our national life; and the boy who has won a university scholarship has at least the beginnings of intellectual discipline and even of intellectual distinction.

"I again appeal for some kind donor, either to give us outright or at least to start, a fund for a new science laboratory. My own view is that along the path of scientific research, already so well trodden by such men as Professor MacLennan and Dr. Banting, rather than along that of literature, lies the most fruitful field for the Canadian genius.

GUARD THE BABY AGAINST COLDS

By Keeping Baby's Own Tablets in the House at All Times

To guard the baby against colds nothing can equal Baby's Own Tablets. The Tablets are a mild laxative that will keep the little one's stomach and bowels working regularly. It is a recognized fact that where the stomach and bowels are in good order that colds will not exist; that the health of the little one will be good and that he will thrive and be happy.

Thousands of mothers have become convinced through the actual use of the Tablets that there is nothing to equal them in banishing constipation and indigestion; breaking up colds and simple fevers; expelling worms and making teething time easy. Among the thousands who praise Baby's Own Tablets is Mrs. Alex. J. Perry, Atlantic, N.S., who says: "I always keep Baby's Own Tablets in the house as I know of no other medicine for little ones to equal them."

Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Revenue From U. S. Tourists

More Than Two Million Automobiles Crossed Into Canada This Year

Tourists from the United States have brought \$150,000,000 in revenue to Canada this year, according to estimates of Canadian Government officials. More than 2,000,000 American automobiles, it is estimated have crossed into Canada already this year. They carried approximately 9,000,000 tourists, or one tourist for every man, woman and child in the Dominion. Every province shared in the tourist business. Ontario received the larger traffic. Last year 1,376,988 cars from the United States entered Ontario, 163,878 of which stayed from two to thirty days, 1,645 from one to six months and the remainder shorter periods.

Awarded Wembley Medal

Canadian National Railways Exhibit Receives Signal Recognition

Award of the certificate of honor and commemorative medal for 1924 to the Canadian National Railways exhibit at Wembley, was announced in a cable received at the C.N.R. offices at Winnipeg. The awards for 1925 will not be made for some months yet. Visitors who saw the exhibit in the pavilion of the Canadian National Railways at Wembley in 1924 were unanimous in describing it as one of the outstanding features of the display. Their Majesties King George and Queen Mary, H.R.H. the Prince of Wales, the King and Queen of Spain, and the Prince of Siam were among those to express their opinion of the size and variety of the C.N.R. exhibit.

SUNDAY SCHOOL LESSON

NOVEMBER 1

THE FIGHT AGAINST STRONG DRINK (WORLD'S TEMPERANCE SUNDAY)

Golden Text: Be strong in the Lord, and in the strength of His might. Ephesians 6:10.

Lesson: Ephesians 6:1-20.

Devotional Reading: Psalm 94:1-8.

The Text Explained and Illumined
The Christian's Spiritual Warfare, verses 10, 11.—To be a Christian is to be a soldier engaged in warfare against evil, and the strength for the fight comes from God. "Not that we are sufficient of ourselves, but our sufficiency is from God," as Paul wrote to the Corinthians. "Apart from me ye can do nothing," said Jesus himself in our lesson about the Vine and the Branches. "Be strong in the Lord and in the strength of His might," Dr. Jowett thinks this an imperfect translation because it lays too much emphasis upon the soldier and too little upon his Lord, and he refers us to the preferable marginal rendering of the Revised Version: "Be made powerful in the Lord."

"Does not that word sound full of promise for soldiers who are about to storm a difficult position? Let God make you powerful! Such power is not a trophy of battle; it is the fruit of communion. It is a bequest and not a conquest. That power is not something we have to win; it is something we have to receive. The phrase 'in the Lord,' means connection with a power-house whose energy would light up all the common lamps of life—the lamps of hope, of faith, of love, of daily labor, of human service."

To come off victorious in the fight the Christian must put on the whole armor of God, all that God provides for his overcoming, there must be no part lacking. Verse 13 reiterates this counsel, and verses 14-18 specify what these helps are.

No need to suffer with corns, or to run the risk of paring them. Remove them surely and painlessly with Holloway's Corn Remover.

Foley: "What makes you so sure that you cannot afford to own a car, old man?"

Bowles: "I have one."

Puts Flavour into Home Cooking

Don't think of Mustard merely as a spicy relish to enjoy with cold meat.

Mustard is a seasoning to be used as widely as you use salt and pepper.

Mustard brings out the natural hidden flavours of cooked dishes and, adding its own flavour, gives them a new zest and relish.

374R

Keen's Mustard aids digestion

GREECE DEMANDS HEAVY INDEMNITY FROM BULGARIA

Athens.—Greece has demanded an indemnity of 2,000,000 French francs from Bulgaria for what Greece contends was an unprovoked attack upon Greek soldiers at the frontier near Demirhisar. Other demands are set forth, such as an apology and punishment of the responsible Bulgarian officers, in an ultimatum sent to the Bulgarian Government.

Premier Pangalos declared this evening that Greek troops have not entered Bulgarian territory, but have been stationed along the frontier. The initiative for additional military measures, he added, was left to the general commanding the Third Army Corps with headquarters at Saloniki.

The shooting of frontier guards near Demirhisar, on the Greco-Bulgarian border is the cause of the trouble.

Zionist Student Called Martyr

Denies Charge of Attempted Assassination of Polish President

Warsaw, Poland.—Poland appears to be threatened with a Dreyfus case, arising out of the attempted assassination of President Wojciechowski by a bomb at Lemberg last year. A Zionist student, Stanislaw Steiger, who was seen running away after the bomb was thrown, was arrested by the police on the deposition of a ballet dancer, Mlle. Pasternak. Steiger vehemently protested his innocence from the beginning, declaring he ran away when the bomb was thrown, for self preservation.

The Jewish population is greatly agitated over the case, regarding Steiger as a martyr and is doing all it can for his defence.

Dominion To Be Represented

Canada Sending Radio Delegate To U. S. Meet

Ottawa.—The department of marine and fisheries will be represented at the fourth United States radio conference at Washington, commencing on November 9, by C. P. Edwards, director of radio for Canada.

The conference is being called by the United States department of commerce, primarily to discuss radio matters in the United States, but following the precedent of previous years, Canada, Mexico and Cuba have been asked to send representatives in order that there may be co-ordination in the development of radio in North America.

Increase In Pulp Exports

United States Will Soon Depend On Canada For Newsprint Supply

Montreal.—Canada's enormous exports of pulp and paper to the United States, more than any other reason had been the main factor in bringing the Canadian dollar back to par and maintaining it at its proper value, declared speakers at the eighth annual convention of the Canadian Paper Trade Association, here.

R. I. Finlay, president of the association, said exports were growing by leaps and bounds, and the time was not far distant "when the United States would be entirely dependent on Canada for its newsprint."

Japanese Trade Competition

Chicago.—Great Britain's army of unemployed is great because of the industrial growth of Japan, the United Typothetae of America's convention was told by A. E. Goodwin, of London. Mr. Goodwin is director of the Federation of Master Printers of the United Kingdom and Ireland.

Japanese competition with Great Britain is especially keen along textile and machinery lines, Mr. Goodwin said.

Air Traffic Gunmed Up

Chicago.—A traffic cop in the sky to guard crowds from stunt fliers is planned by Morgan A. Collins, police chief. He will ask the city to provide the police department with a small pursuit plane, equipped with a repeating rifle and powerful searchlights.

Negroes in the Harlem section of New York City own real estate worth \$60,000,000.

W. N. U. 1600

Captain Of Liner Is Shot

Capt. Clews of C.P.R. Steamship Melita Is Killed At Antwerp

Antwerp, Belgium.—Captain A. H. Clews, commander of the Canadian Pacific liner Melita, was shot and killed in his cabin on the Melita while he slept. Thomas Towers, first officer, was arrested, charged with the murder. Towers' terrible deeds are thought to be those of one mentally irresponsible. Captain Clews was a nephew of the late Henry Clews, of Lombard Street and Wall Street, who died in 1923.

Two other officers of the Melita were seriously wounded by the captain's murderer and are in an Antwerp hospital. They are David K. Gilmour, of Glasgow, assistant chief engineer, and John Holliday, of Bootle, England, second engineer.

The account of the tragedy gathered by the Antwerp police is that Towers went to the captain's cabin at 2.40 o'clock in the morning. A pistol shot was heard and the captain was found dead with a bullet wound in his head. The police say that Towers then entered Gilmour's cabin and shot the engineer in the face.

The noise of the firing brought other officers to the scene, and in a struggle with Towers the second engineer was shot twice in the lungs.

Other members of the crew eventually overpowered Towers and disarmed him.

Predicts Radio Development

May See Newspapers As Complete Pictures Is Forecast

Chicago.—Radio has a future in which entire newspapers will be flashed as complete pictures.

International broadcasting will be commonplace entertainment. Instructions will penetrate to the remotest corners of the world and static will be chained a captive.

This is the vision of Major General James G. Harbord, president of the Radio Corporation of America, revealed in an address delivered before the conference on education and industry at the University of Chicago.

In the near future, Major Harbord thinks, there must be an international conference "to settle grave issues that cannot be much longer delayed."

Settlers From Ukraina

Mennonites Arrive In West For Land Settlement

Saskatoon.—A party of 689 Mennonites from Ukraina have arrived here and will take up farms in Saskatchewan and Alberta. Most of the party will locate in the Rosthern district. Approximately 100 will settle in the Saskatoon district while some will go into Alberta where arrangements have been made to locate a fairly large number.

The party was brought to Canada under the auspices of the Mennonite colonization board which has its headquarters at Rosthern.

National Economic Conference At Winnipeg

Move to Invite Delegates to Make Tour of the West

Edmonton.—Council of the Edmonton board of trade has decided to take the initiative in a movement to interest western boards of trade in having delegates to the National Economic Conference make a tour of Canada from Winnipeg to the Pacific coast. The economic conference is to be held in Winnipeg, November 16 to 18. It is expected those in attendance will include foremost political economists from all parts of the Dominion.

Foot and Mouth Disease In Britain

Ottawa.—An outbreak of foot and mouth disease among cattle near Manchester, England, has been reported to the department of agriculture. As a consequence of the outbreak, no cattle will be allowed to land near the port of Manchester. There have been no other changes in the regulations governing cattle shipments and the Canadian export trade is proceeding normally.

Poland Gets Loan

Warsaw.—Poland has been successful in negotiating a loan for \$1,000,000,000, M. Grabski, premier and minister of finance, informed the Warsaw press. The proceeds are to be devoted to economic restoration, particularly for the new issue Bank of Poland.

OUR CURRENCY AT HIGH LEVEL ON N.Y. EXCHANGE

New York.—The heavy transactions of recent date in Canadian wheat and the increased demand from tourists for the Dominion's currency are given by officials here as accountable for the high premium of 5-22 of one per cent. quoted on the local exchange for the Canadian dollar, and which is necessitating gold shipments across the border. In the present situation it is more profitable to export gold from the United States than to buy Canadian remittances for transfer.

The Bank of Montreal in New York is understood to have shipped about \$5,000,000 in gold during the last week and the New York Trust Company is transferring about \$2,000,000 worth of the metal to Montreal.

Object To Use Of Title

Wife of Former Emperor of Germany Offends Republicans

Stuttgart, Germany.—Efforts by the Republican Guards to begin proceedings against Princess Hermine, wife of former Emperor William, for alleged unlawful usurpation of the title "Kaiserin Hermine," have failed. An attempt to lodge a criminal complaint against her under the penal code, was made at Nurnberg, but the court there passed the allegations along to another court, which declined to present the charge to the district attorney. Likewise the public prosecutor would not take any action.

It was charged that Hermine designated herself as "wife of His Majesty, William II., former Emperor." It was also alleged that she was registered in the list of visitors to the Spa at Wildbad as "Empress and Queen," and that a local photographer issued picture postcards of her with the words, "Kaiserin Hermine, in Wildbad, 1925," on them.

Western Sugar Beet Refinery

Alberta Sugar Product Is Now Placed On The Market

Lethbridge, Alta.—The first bag of sugar from the new factory of the Canadian Sugar Refineries Limited, has been placed on sale at Raymond. The factory began slicing beets last week. About 25 per cent. of the beets have been harvested, operations having been delayed owing to wet weather. There are 200 men employed at the factory while 500 are busy digging, topping and hauling the sugar beets. With threshing and beet harvest there is a keen demand for men throughout Southern Alberta, and will be for another month. Beets are averaging heavier than expected, some going 20 tons to the acre. The average will probably be about 12 tons. The average sugar content is 18, which is two per cent. higher than in most United States beet growing districts.

Nominated For Peace Prize

Movement in Berlin to Award Nobel Prize to Stresemann

Berlin.—A movement to have the Nobel peace prize awarded to Gustav Stresemann, the German foreign minister, has been started by the National Zeitung.

The proposal has as its motive the desire for international recognition of the minister's efforts and achievements toward establishing world peace and "the necessity of counteracting existing international anti-German propaganda by German international propaganda."

Alluding to Dr. Stresemann's qualifications for the Nobel prize, the paper declares "there never was a statesman or other person so active in promoting universal brotherhood and a new era of post-war peace."

New Race Discovered

London.—Prof. B. N. Gorodkov claims to have found a new race of people on the River Pura, Western Siberia. He says there are five clans containing more than 600 persons. They call themselves "Neshen," which means men or people. They have dark hair and complexion and their language is different from that of any of the tribes of the Western Siberian jungles.

Adverse Comment On Photograph Of Prince

Fancy Dress Picture Destroys Dignity Of His Position Says London Paper

London.—Adverse comment is appearing in the newspapers with regard to the press photograph of the Prince of Wales dressed as a girl for appearance in amateur theatricals which was taken aboard the H.M.S. Repulse on his way home from his trip to West and South Africa, and South America, and it is presumed this photograph has been circulated the world over. The photograph itself is harmless, even innocuous, the Prince's familiar features being scarcely recognizable. He is shown standing with a couple of male companions who also are in fancy dress.

The Manchester Guardian says: "The American press, as well as the English press, had dwelt on his importance as an Ambassador of the Empire, and it was felt in England that a new atmosphere suitable to the dignity and years of His Royal Highness had come to the Prince and had been diffused throughout the world. Then comes this ridiculous, unnecessary, unfortunate photograph which goes to the world at the same time as goes the serious estimates of his services and character."

Disarmament Move Would Be Welcome

Suggestion Is Good One Is Opinion Of London Editor

Chicago.—If President Coolidge should initiate and carry through a movement for world disarmament at this time, he would be considered as "one of the greatest benefactors of mankind."

A. E. Owen Jones, London, Eng., editor of The Plaxton Magazine and of The British Printer, so declared in an address opening the 38th annual convention of the United Typothetae of America.

"If for no other reason than an economic one," he said, "we welcome with enthusiasm the suggestion that President Coolidge should initiate a movement for disarmament."

Disarmament Note Not Wholly Accepted

Germany Objects to Allies Demand Regarding Police Organizations

Berlin.—Herr Von Roese, German ambassador to France, who has been in consultation with the foreign office, will shortly return to his post in Paris bearing the German Government's final reply to the allied recent disarmament note. Fundamentally the German Government is prepared to meet the requirements upon which the evacuation of the Cologne area was made contingent. The only point on which an accord has not yet been reached concerns the demand of the allies that designations as to rank in German police organizations shall be abolished.

Temperance Move In Britain

London.—The United Kingdom Alliance, the largest temperance organization in Great Britain, is organizing a big campaign for the coming winter. The alliance states that its object is a fight for local option, rather than for out-and-out prohibition, and it intends to appeal thereon to each of the great political parties in the country.

Wins Gold Medal For Butter

Regina.—Winning a gold medal for butter in the unsalted class, Chris Hansen, employee of the Saskatchewan Creameries, Regina, defeated competitors from New Zealand, Australia, South Africa and the Channel Islands in a competition held by the colonial department of the London dairy, for butter making.

U. S. Sends Destroyers

Washington.—Two United States destroyers have been ordered from Gibraltar to Alexandria, Egypt, to remain in readiness there for use in Syrian ports should their presence become necessary for the protection of American lives and property.

To Make Dry Thanksgiving

New York.—Prohibition authorities have a list of cabarets and restaurants where champagne and other liquors have been flowing freely. A dry Thanksgiving day is predicted.

WHEAT POOL OF SASKATCHEWAN SUBMITS REPORT

Regina.—Slightly over half a cent a bushel, or \$319,821, was the cost of the first year's operations, ending July 31, 1925, of the Saskatchewan wheat pool, according to the directors' report presented at the first annual meeting of the pool delegates held here. Altogether 140 delegates were present.

The expenses were summarized in the financial statement as follows: Management, \$98,745; Regina office and salaries, \$195,050; Winnipeg office and salaries, \$5,396; adjustment of pool and market spreads with elevators, \$141,947; sundry, \$6,804; preliminary expenses of wheat pool, \$28,837; preliminary expenses of coarse grains pool, \$2,092; total, \$478,872, less earnings, \$159,051.

The full deduction of two cents a bushel for acquiring handling facilities was made amounting to \$598,238. The board also decided that the full deduction of one cent for creating a market reserve amounting to \$756,462 should be made. This money was loaned to the central selling agency at six per cent. interest.

Among the visitors at the meeting were Colin Burnell, president of the Manitoba wheat pool; D. L. Smith, Winnipeg, sales manager of the central selling agency; S. J. Farmer, Winnipeg, director of publicity for the central selling agency; John Hull, Winnipeg, director of publicity for the Manitoba pool.

Australia Reserves Decision

Cabinet Awaiting Government Approval On Locarno Pact

Sydney, N.S.W.—Commenting on the security pact Premier Bruce emphasized the fact that the agreement specifically affects the British Dominions and India from the obligation therein contained but makes provision whereby the Dominions can endorse the pact if they so desire. The question of Australia's acceptance of commitments can only be determined by the Commonwealth Parliament, and the Australian cabinet has not yet reached a decision on the point he said. "It will not assume any commitments under the pact without parliament's express approval, he declared, and only after the fullest discussion and consideration.

France Carries On Costly War

Heavy Losses in Connection With War On Morocco and Syria

Paris.—France has lost more than 17,000 men and has spent 3,000,000,000 francs in Morocco and Syria since she took over the protectorate and assumed the League of Nations mandate over Syria.

Such is the information imparted to the finance committee of the Chamber of Deputies by Premier Painleve. In Morocco 2,176 men were killed and 8,297 wounded, and in Syria 6,626 were killed, wounded or are missing. The cost in Morocco has been 950,000,000 francs and in Syria more than 2,000,000,000 francs.

Tribesmen Subdued By French

Damascus, Syria.—The French troops have succeeded in crushing the most serious revolt started by the Druse tribesmen since France's occupation of Syria under the League of Nations' mandate. The trouble was not put down, however, before a pitched battle had been engaged in and an entire quarter of the city of Damascus had been virtually ruined. Artillery, tanks and armored cars were used by the French.

More Communists Arrested

London.—Scotland Yard has announced the arrest of Arthur Manus, chairman of the Communist party in Great Britain since its formation, and John Thomas Murphy, a frequent contributor to the Communist press, on charges of conspiring to incite sedition and mutiny.

Unusual Charge For Arrest

Jefferson City, Mo.—Lieut. Fred C. Nelson, United States army air service, faces arrest on a charge of "driving, killing and capturing a Canadian goose from and with the aid of an aeroplane." The unusual complaint was filed by a federal game warden.
